

SF TECH - SERVICE FORM

INFORMATION

GENERAL INFORMATION

- The customer is responsible for freight & insurance charges to and from SF Tech.
- Repair lead time is estimated to 10 business days upon receipt of the suit, delivery time not included.
- Customer outside of Switzerland must fill the export form and add 3 **signed** copies to the parcel.
- Send the drysuit at the following address:

SF Tech Sarl
Route du Verney 18
1070 Puidoux
Switzerland

Phone: +41 21 946 29 88

WHAT TO INCLUDE

- Ship **only** the drysuit. Do not ship accessories, bags, hoses, hoods and empty the pockets
SF Tech cannot be held responsible for the lost of those items.

WORK PERFORMED

- For all work affecting the integrity of the suit, a mandatory leak test will be performed before return.
- SF Tech does not service or test valves under pressure. For any suspected issue (not venting, venting slowly, stuck inlet button,...) SF Tech and the valve manufacturer both recommend replacing it.
